WHAT WE OFFER Enchanted Farm Cottage

Enchanted Farm Cottage is located on our farm at 1804 E. College, in the Roswell/Pecos Valley countryside on the Spring River. Our cottage offers a one bedroom, one bath homelike setting. Accommodations will sleep up to five. The master bedroom has a king-size bed. The living room has a queen size sofa sleeper. A twin size rollaway is available upon request. Pets (well behaved, of course) are welcome!

Our cottage is furnished in antique country with a full service gourmet kitchen. Included with your stay are all the "fixins" for breakfast. Breakfast "fixins" include our farm fresh, pesticide-free eggs, bagels, breakfast rolls, Belgium waffles, cereals, fruit and beverages. You pick and fix what you like when you like it!

The cottage deck overlooks the pond and is spacious to accommodate large parties. A gourmet gas grill and fire pit next to the cottage make this the perfect spot for parties. The cottage can be a central meeting place for family, friend or business gatherings and parties or a relaxing private getaway.

Our farm and riverside trails teem with birds and wildlife. We are a regular stop on the Audubon Society's annual bird count. We have a herd of wild deer that live along our river. Enchanted Farm Cottage is the perfect getaway, in Roswell, yet out in the country.

This relaxing setting is available for \$85 per night based on double occupancy. Extra guests are \$10 each per night. The cost of facility rental for parties or gatherings varies, depending on your needs. Inquire about Enchanted Farm Cottage Rental and Availability - [click here](#)

Call us for more information or to make reservations and/or book our facility for parties or gatherings. [Enchanted Farm Studio](#)

Enchanted Farm studio is located on our farm at 1804 E. College. The studio offers Relaxing Hobbies Workshops, which include half and full day classes in basket weaving, rag quilting, mosaic tile projects, and other specialty workshops. Our studio store has crafts by local artisans, gourmet food and gift items and basket weaving and quilt kits for your next project.

Classes are offered on a regular basis. Half-day classes are from 9AM to 1PM and full day classes are from 9AM to 4PM and include lunch. When you finish a class you take home a completed project. No experience is necessary. Cost of the workshops varies depending on the type of project.

Please review our calendar of classes to select types of classes and times available. Class size is limited so we can offer a great experience to everyone. Groups of four or more persons can select any available day to have a class of their choice. A \$25 deposit is required to reserve any class. Call or come by the farm to reserve your space.

Gourmet cooking class luncheons, demonstrations and other special cooking programs are also offered in conjunction with our gourmet kitchen facilities at Enchanted Farm Cottage and our Community Supported Agriculture Program. Dates and times for these programs are located on our class calendar.

Relaxing Hobbies Workshops can be combined with your stay at the Enchanted Farm Cottage to offer a retreat-like experience. This experience can be customized to your desires. Call for details. [Retreats and Facility Rental](#)

At Enchanted Farm our facilities can be rented for special occasions such as birthdays, family reunions, retreats and meetings. Call us to set up an appointment to review your needs and options so we can customize your experience.

We also offer retreat experiences, which include our Relaxing Hobbies Classes and a stay at our Enchanted Farm Cottage. [Enchanted Farm Produce](#)

Since purchasing our farm in 1988, we have maintained a pesticide-free living and growing environment. Our gardens grow pesticide-free produce. Our animals are fenced for protection but are free ranging and are not fed hormones or other harmful substances. It's a serene and productive setting.

Each year we have expanded our gardens. We considered having a Community Supported Agriculture program where people buy shares for a season. However, Michael's love for gardening is more hobby-like and a form of tension release from his busy schedule. Having a CSA program seemed too much like another business with quotas and deadlines and not enough like a relaxing hobby. So we've opted out of that plan for now.

Hobby or not, Michael has an extremely green thumb and everything he plants grows exponentially. So this year, with our expanded gardens, we are offering produce to the public on Saturdays from May until November or the first frost. Our farm stand will be open at the farm on 1804 E. College from 9AM to 3PM each Saturday. Signs will point you in the right direction. We will offer our free-range pesticide-free eggs also, on a first come first serve basis for \$2.50 a dozen. Many of you have asked if we will have our famous garlic again and yes, it's growing nicely and should be ready sometime in June. We are growing many varieties of fruits and vegetables that will be available to you during these months. Come by each Saturday for the current harvest. We will also have cooking demonstrations and recipes for the produce available each week. This lets you try new fruits and vegetables that, maybe, you wouldn't have eaten in the past. It also gives you new ideas for your old favorites.

You might wonder why we aren't participating in the local Farmer's Market. Although we support the Farmer's Market as an excellent way for local growers to sell their products, we find it too difficult to do our farm work, pack up our produce and be ready by 7AM each Saturday. This also limits the types of cooking demonstrations and programs and classes we can offer at our farm on Saturdays. We think that a trip to our farm is a wonderful experience for all. So we hope you'll agree. Bring the kids and a fishing pole. We offer catch and release fishing on our pond during produce sale times on Saturday's. The pond is also a relaxing place to just sit and watch nature or our highly entertaining chickens and goats. It's a great picnic spot.

We hope you'll come and see what we have to offer.
